DETAILED ACTION

Allowable Subject Matter

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the combined claims define over the prior art. The cited prior art does not disclose or suggest a process to form a semiconductor device inter alia the limitations "...forming an interlayer dielectric (ILD) pattern with contact holes over the substrate including the gate electrode and the first preliminary source/drain region, the contact holes exposing the top of the gate electrode and some part of the first preliminary source/drain region; forming an expanded source/drain region by performing an ion implantation using the ILD pattern as a mask, the expanded source/drain region including the first preliminary source/drain region with shallow junction as the LDD region and a second preliminary source/drain region with deep junction....".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
